

Custom Aluminium Profiles

**We transform your ideas
into products**

St. Fanouriou 20 str., 136 78, Acharnes, Athens, GREECE
tel.: +30 210 2463630, Fax: +30 210 2464471
www.metaloumin.gr, export@metaloumin.gr

Our product range falls into the following market segments

Air vents	Heaters
Aeration	Heating
Air conditioning	Hoods
Awnings	Inscriptions- Signs
Bleachers	Lighting & LED
Boilers	Medical Equipment
Business Refrigeration	Photovoltaic Mounting Structures
Construction Industries	Picture Frames
Curtain Rods	Prefabricated Houses
Curtains & Blinds	Road Signs
Electrical Goods	Ballustrades
Fences	Shop Equipment
Fixtures	Solar Systems
Furniture	Stairs
Green Houses	Storefronts
Gutter Systems	Umbrellas
Internal Fittings	Vehicle industries

Want to construct and manufacture a new product ?

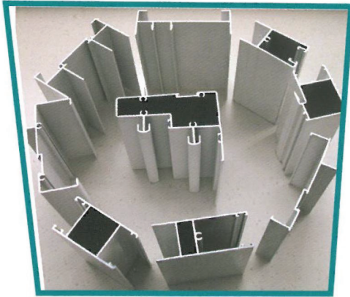

Want profiles with:

- different alloys
- various dimensions
- special manufacturing requirements

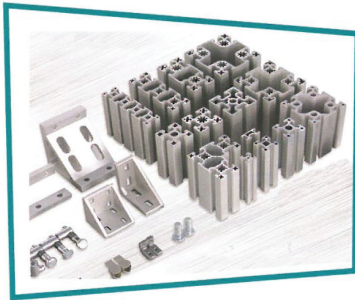

A L U M I N I U M S Y S T E M S S I N C E 1 9 6 9

What we offer to our partners

- Know how from our R & D development department
- Customized software for the design of products with special intersections and requirements

- Flexible production for specialized alloys of high resistances/strengths
- Ability to manufacture profiles of special requirements in terms of tolerances and piercing

**Our 50 years of experience
is your warranty**

ALUMINIUM SYSTEMS SINCE 1969

Aluminium profiles for custom applications

Metaloumin S.A. is an aluminium extrusion industry in Greece established at 1969, producing its patented series of architectural profiles for doors & windows, special profiles to customers' requirements (green houses, deckings, architectural fittings, LED & lighting fixtures, balustrades, railings e.t.c.) and since 2009 photovoltaic mounting systems and single axis Tracker for any type of installation.

Our internal Engineering & Static Studies' department has developed multiple geometries and designs, following contemporary market trends and client requirements.

In addition, experienced R & D department constantly work on new designs and applications to expand our product range and subsequent accessories, adapting to market requests and meeting clients' expectations.

Further, our Processing department (cutting, drilling and welding to measurements) provides a one-stop-shop experience.

Last but not least, our Logistic and After Sale service, ensure the future continuation of our cooperations.

Metaloumin's Certifications & competitive advantages:

- EN ISO 9001:2015 Certification
- EN ISO 14001:2015 Certification
- Vertical in-house production beginning from aluminium raw material and resulting in complete systems
- Large variety of designs covering custom and contemporary markets
